
Be selected as a FINALIST at
2023 JINJI LAKE Innovation & Entrepreneurship Competition

On November 14, 2023, FEF Pharmaceutical Co., Ltd. advanced to the finals of 2023 JINJI LAKE Innovation & Entrepreneurship Competition which was held in Suzhou, China, and won the third prize.

At the Competition, we presented future prospect of on-going clinical trials of EIM-001, such as the clinical positioning and the possibility of a radical treatment for lower extremity artery disease (LEAD).

In cooperation with domestic and foreign companies and venture capitals, we will accelerate the development in Japan and China with the aim of earlier commercialization.

【JINJI LAKE STARTUP COMPETITION】

The JINJI LAKE Startup Competition hosted by Suzhou Industrial Park (SIP), one of China's top industrial parks with the No. 1 industrial agglomeration in China especially in the life sciences sector, has been held 11 times in the past. It is the most influential worldwide startup competition in China. This time, it was the third time for the qualifying round held in Japan. So far, many companies have successfully entered China through this competition. In addition, the case of remarkable growth as a "drug discovery venture company from China" in the Suzhou Industrial Park is well known in Japan also.

The Competition in 2023:

25 August 2023: Semifinals for Japanese region
14 September 2023: Finals in each industry
14 November 2023: Grand final in Suzhou
